About the Index

In general, we have indexed programs under the most specific terms.

For example, let's assume a program specifies that the recipient must be a sophomore, junior or senior; major in civil engineering; and have at least a 3.25 GPA.

That program would be indexed under civil engineering only. Year in school, GPA or some other common criterion will be indexed only if that is the major criterion for a program.

We hope this saves students time by helping them focus their searches.
