Private Colleges, Universities, and Seminaries

Private colleges, universities, and theoretical seminaries are included in this section. Private schools are privately owned and operated and, in addition to tuition and fees charged to students, receive a major portion of their funding from private donations. This section has information about out-of-state colleges that offer on-campus programs in Kentucky.

All of the private colleges and universities offer bachelor’s degrees, while some offer certificate, associate’s, master’s and/or doctoral degree programs.

Theological seminaries are private graduate schools that offer specialized programs to prepare students for the ministry. The programs are two to five years long and lead to master’s or doctoral degrees.
