

General information

The following pages provide information about costs, admissions, financial aid and majors at Kentucky colleges.

Included are tuition and fees, room and board, books, supplies, transportation and personal costs. Some schools that don't have on-campus housing have provided figures showing the housing cost they use in figuring the cost of attendance.

Information in this chapter will almost certainly change before you start college. For the most up-to-date information, contact the school you plan to attend.

The agencies below license technical schools in Kentucky and can be contacted for more information about the training programs listed in this section as well as those of other schools not included in *Adults Returning to School*.

Each school included in Adults Returning to School must participate in a Title IV program. The information in the following pages was provided by the schools. Some Kentucky schools that provide financial aid may not meet KHEAA's guidelines for inclusion in Adults Returning to School or may not have responded to KHEAA's request for information about their school. Students attending these schools should check with the school's financial aid office for information about their financial aid programs.
