Kentucky’s postsecondary institutions may now submit a KEES Projected File (KEES01) to receive actual award amounts for students for the 2014–2015 academic year.

Visit Us at the Kentucky State Fair

Each year we bring our College Info Road Show to the Kentucky State Fair, providing information about higher education opportunities. Come meet our great KHEAA and KHESLC employees.

This year, representatives from the Kentucky Department of Education will be on hand to talk about students’ Individual Learning Program (ILP.)

KDE provides an online ILP that public school students in grades 6–12 must use. KHEAA’s Outreach Counselors are trained in and available to help students with this ILP.

The KHEAA ILP on kheaa.com helps private school, home school and adult students explore education and careers for their futures. Log into or create a MyKHEAA account to get your KHEAA ILP started today.

Interest Rates Lowered

Our interest rates and fees decreased as of July 1, 2014. Rates as low 4.95%.

Compare loans.
Some companies tell students their rates are really low, like 2.5–3%, but in reality most of their borrowers will end up with a rate close to 9–10%.

FIXED interest rates, flexible payment options.
These loans are available for students and parents, with FIXED interest rates based on credit-worthiness and choice of payment plan. Borrowers can pay while in school or postpone.

Save thousands of dollars.
With our fixed rates and low fees, we can save borrowers more than $4,000 over the life of a $10,000 loan compared to other lenders.

Don’t let your students be fooled by others’ teaser rates. With us, they’ll know their rate at the beginning of the process, and it will never go up once the loan is made.

KHEAA VERIFY

Bogged down with all your fall semester verifications?
Call us — we can help!

When you sign up for KHEAA Verify, our specially trained and professional staff will conduct all the verification chores for you, leaving your staff to focus on other important tasks. Frustrated students and overworked staff could be a thing of the past!

Our verification process is easy to use. You send us the file of students needing to be verified, regardless of the level of verification required, and we do the rest.

KHEAA staff will contact the students on your behalf, advising them of what is needed and how to supply the documentation. The students upload the data required via a secure student portal. We will follow up with the students if additional information is required. Once verification is complete, we will submit the changes to CPS.

At any time during the process, you are able to monitor our progress via MyKHEAA (formerly Zip Access), which gives you full control over the process and ensures your students’ verification needs are met.

To receive pricing details or more information on KHEAA Verify, please contact your KHEAA marketing representative at 1.888.678.4625 or marketing@kheaa.com
NOT HAPPY WITH YOUR DEFAULT RATE?

Turn to KHEAA’s Cohort Default Management Service as part of your default prevention plan. We’ll help lower your CDR and get your student borrowers back on track.

Our Cohort Default Management Service offers varying components from which to choose. Pick one or incorporate them all. We will help you find the right choices for your institution!

**Early Intervention** reaches out to your students who will soon enter repayment through graduating, withdrawing or dropping below part-time status. If students have withdrawn, we determine the reason and encourage them to re-enroll. This program offers proactive help to keep students from missing or being late on payments.

**Default Prevention** contacts borrowers in your cohort who are delinquent but not yet in default. These borrowers are counseled on their repayment, deferment and forbearance options. Once we determine the reason for the delinquency, we can offer the proper assistance to get them over their hurdle. Getting the borrower into successful repayment terms is the main objective in this service.

Your draft CDR is also reviewed to find possible errors. We then challenge incorrect data, as well as process uncorrected data adjustments, new data adjustments, erroneous data appeals, and loan servicing appeals.

**Student Transition Service** provides customized email messages and videos geared to students at critical times during their college career. The information is designed to:

- Support transition into higher education.
- Promote financial literacy.
- Navigate college life.
- Encourage persistence and completion.
- Educate students preparing to enter the workforce.
- Promote successful management of student debt.

You’re probably familiar with our Surviving College booklet, which is geared toward college-bound high school seniors and incoming college freshmen. The information contained in this publication helps to prepare them for the transition from high school to college life and how to succeed in their new environment.

KHEAA has a new, similar publication geared towards adults starting or returning to college. Adults going to college are probably juggling a lot of responsibilities. This guide offers helpful tips on how to:

- Manage their time.
- Set up a budget.
- Prepare and study for college courses.
