Understanding your NEEDS and WANTS

It's simple: a WANT is anything above the basic things you NEED to live and stay healthy.

You NEED new shoes. You WANT \$250 shoes.

You NEED clothes.

You WANT brand-name clothes that are in style.

You **NEED** to get around. You **WANT** a new sports car.

You **NEED** to eat.

You WANT to go out for every meal.

Every time you consider buying something, whether it's a soda or it's new music, ask yourself, "Do I really NEED this?" If the answer is no, pat yourself on the back and put the money in your savings.
