

# Where do you start?

If you didn't complete high school, you can:

- Pass the GED® test to earn a high school equivalency diploma issued by the state.
- Earn 12 credit hours with a grade of C or higher in four qualifying, general education courses at a Kentucky Community and Technical College System (KCTCS) school and be awarded a high school equivalency diploma issued by the state.

If you're eligible, you can receive free educational services at a Kentucky Adult Education (KYAE) center — services are available in every county. You must be at least 18 years old, live in Kentucky, and not be enrolled in high school. Your adult education center will provide the Ready™ test free as part of your educational plan. For a list of centers, go to <https://kyae.ky.gov/>.

If you want to earn a GED®, create a MyGED® account at [www.ged.com](http://www.ged.com), where you can find information about preparing for and taking the test in Kentucky. Select your test prep center and a local instructor will reach out. Your account has links to study guides, KYAE centers, a list of Kentucky test centers and a test schedule.

You also will be able to take online classes through KYAE. You'll need a device with internet access and an email account. Your KYAE adult education program will work with you on an online learning plan. For a list of KYAE centers, go to your MyGED® account or see pages 8–13.

To earn a GED®, you must pass the four parts of the test: mathematics, reasoning through language arts, science and social studies. The test must be taken on computer at an official testing center or online through online proctoring.

Kentucky residents must be 19 or older to take the GED® test or, if 18, have been officially withdrawn from school for at least 90 days as certified by the local school district (school superintendent may waive waiting period). The withdrawal form and directions for submitting it are available at your MyGED® account at [www.ged.com](http://www.ged.com).

Those taking the test must also have an ID with a Kentucky address and pass the GED Ready® official practice test. You can find the Kentucky testing policies at your MyGED® account at [www.ged.com](http://www.ged.com).

Testing accommodations are available for people with documented disabilities. If you need a testing accommodation, you can ask for details when you create your MyGED® account. You can also email [accommodations@ged.com](mailto:accommodations@ged.com) for more information.

To earn a Kentucky high school equivalency diploma by taking college classes, you must be at least 19 years old, not have a high school diploma or its equivalent, have a Kentucky address and meet the admission and placement requirements of KCTCS institutions. Enroll in a KCTCS college and complete at least 3 credit hours in each of the following content areas, as certified with an official KCTCS transcript: written communication, quantitative reasoning, natural sciences, and social and behavioral sciences. You must earn at least a C in each required class. Once you have completed the courses, there is a \$25 application and processing fee to receive the diploma. You can find a list of the approved classes and obtain the application form at <https://kyae.ky.gov/> or by calling 502.573.5114.

If you have already earned a Kentucky high school equivalency diploma and need your transcript for employment or enrollment in postsecondary training or education, make your request at [www.ged.ky.gov](http://www.ged.ky.gov).

## GRADUATES, GED® HOLDERS, FORMER COLLEGE STUDENTS

The admissions office of the college you plan to attend can help you get started. If the school has an office that serves nontraditional students, that would be the best place to start.

You can also contact an area Educational Opportunity Center for help.

## EDUCATIONAL OPPORTUNITY CENTERS AND TALENT SEARCH PROGRAMS

EOC and TS programs provide free services to adults entering or reentering college.

EOC counselors can help adults 19 and older with planning for college, exploring careers, locating free tutors, and submitting college admissions and financial aid applications. Financial aid forms can be filed electronically at some EOC locations, saving time and reducing errors.

TS programs provide academic, career and financial counseling to help middle and high school students and people who haven't completed secondary or postsecondary education. All participants must have the potential to complete secondary school and undertake postsecondary education.

TS programs generally help people between the ages of 11 and 27, but can also serve older adults in areas without an EOC program. The program provides tutorial services, career aptitude assessments and help completing and submitting college admissions and financial aid applications.

See page 7 for a list of EOCs and page 8 for a list of TS centers.

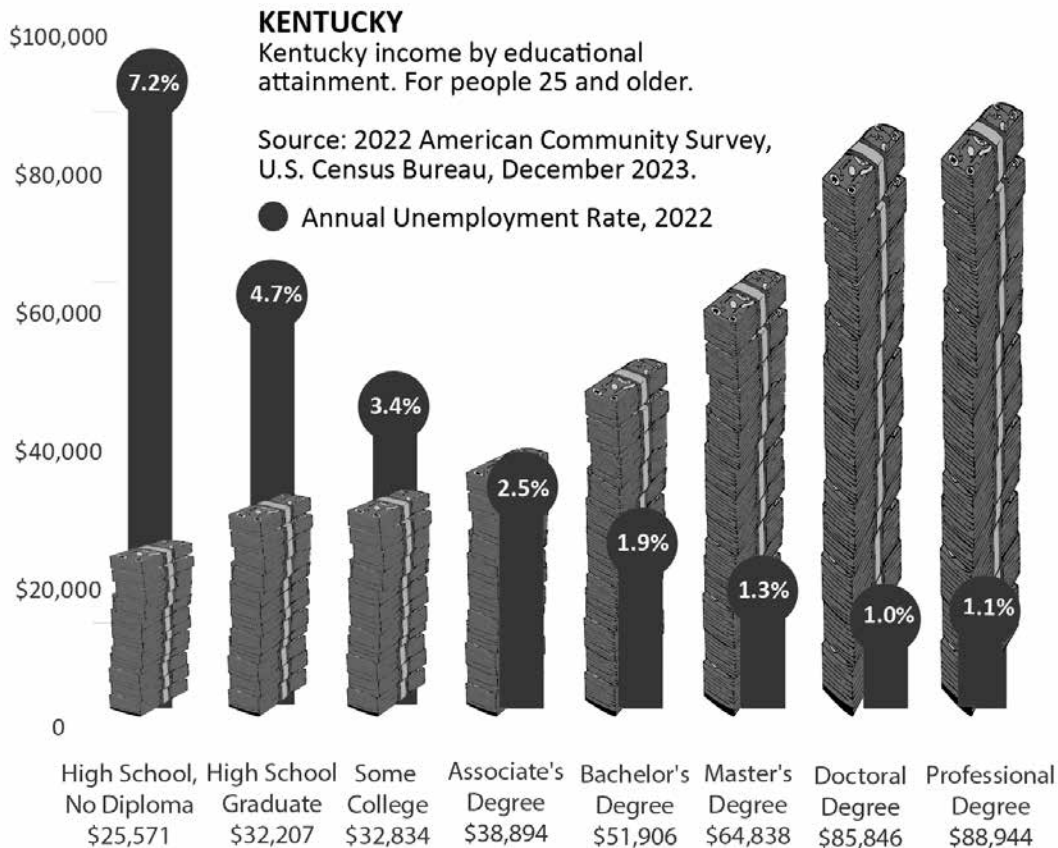

## KENTUCKY EDUCATIONAL TELEVISION SUPPORT MATERIALS

KET offers FastForward, a series of online tutorials and workbooks, to help adult students who want to prepare for the GED® and other high school equivalency exams. Key skills are explained through examples, strategy suggestions and practice questions. Learners can study independently at home or as part of a learning center class.

KET also offers Workplace Essential Skills, a series of online tutorials, DVDs and workbooks that prepare adults to enter or re-enter the workforce. The curriculum focuses on the math and language arts skills needed to succeed in high-demand career fields, such as health care and manufacturing. Other essential workplace skills addressed include punctuality, customer service, problem solving, critical thinking, communication and conflict resolution. The series also provides training on résumé writing and job searching.

For English language learners, KET offers online tutorials to help build the language skills necessary in connecting with growth-sector employment and career advancement opportunities in America.

Costs for all KET products are provided at <https://shop.ket.org/>.

# My Story REIMAGINED

## Danielo's Story

I came to Bowling Green from my native Haiti. Through adult education, I completed English as a Second Language courses, earned my GED and received two associate degrees from Western Kentucky University. Now I'm a welder and on track to become a process engineer.

DANIELO PICKET
